- Auto power off setting

Compact and Portable

At 11.8 inches long and weighting only 1400 grams, the Avision AD215 series incorporate a built-in automatic document feeder (ADF) and card scanner in a compact unit. With the innovative design of fordable ADF and front tray, the AD215 series are easy to travel with and lets you bring productivity of batches scanning to any workplace.

Easy to scan with a press of a button

With Avision's newly developed software application- Button Manager V2, the AD215 series scan both sides of a page directly to PDF, searchable PDF, JPEG, or to office applications like Word or Excel with a press of a button. The AD215 series automatically recognize the size of each document, detect and straighten for skew, and show images in their proper orientation. Plus, the scanned image can be sent directly to your specified destination including e-mail, printer, image editing software application, or even a cloud server such as Google Drive or Microsoft SharePoint.

Productive and Flexible

The AD215 series are productive at scan rate of up to 20 ppm and 40 ipm through the built-in 20-page auto document feeder and accommodate document up 14".
To capture high quality card image, the AD215 series also include special front and rear tray to handle plastic ID cards, driver licenses, and even embossed cards up to 1.25 mm or paper up to legal size (8.5 x 14 in.) and weight between 27 and 105 g/m2.

Convenient mobile scanning

With an optional Wi-Fi module, the AD215 series are able to wirelessly connect to your mobile device and let your mobile device directly instruct a scan and receive a scanned image.

What we have bundled

The Avision AD215 comes with TWAIN and ISIS drivers, and is bundled with a suite of powerful software applications that include Avision Button Manager V2, AVScan X, and Nuance PaperPort SE 14. With Button Manager V2, you can create searchable PDFs, scan and send images to e-mail, printer, or other destinations with a simple press of the Scan button. The AVScan X and PaperPort are highly effective image processing and document management software that helps you streamline your task more efficiently.

Avision │ AD215 Sheetfed Scanner

Avision's Button Manager V2
-Completes your scan with a single step

The Button Manager V2 main screen

Button Manager V2 makes it easy for you to scan and send your image to your favorite destinations with a press one button. Now the new version comes with an innovative feature to let you scan and automatically upload the scanned document to popular cloud repositories such as Google Docs, Microsoft SharePoint, or FTP. In addition, the iScan feature allows you to insert the scanned image or recognized text after optional OCR (Optical Character Recognition) process to your text editor such as Microsoft Word to get your job done easily and quickly.

AVScan X
-The Intelligent Document Management Tool

The AVScan X main screen

Document Imaging is the very first step of Document Management. However, poor quality images can cause serious problems to later indexing or storing processes. It may increase scanning labor costs and lowers the OCR accuracy. AVScan X ensures all documents are checked and polished at the time they are scanned such that the image quality is guaranteed before they are ready to use for other purposes.
AVScan X is an intelligent scanning and electronic filing solution. AvScan X possesses distinct features that convert and index scanned information into electronic documents for easy storage and fast retrieval.

Nuance PaperPort SE14
- The Professional Choice to Organize and Share Your Documents

The PaperPort SE14 main screen

PaperPort SE 14 is Nuance's most popular scanning and document management solution, carefully designed specifically for home office use. Part traditional file cabinet, part digital-document desktop, PaperPort SE 14 is the fastest and easiest way to scan, share, search and organize your documents. Additionally, PaperPort SE 14 now delivers anytime-anywhere access to your most important files however it's convenient for you – using a PC, Mac, iPhone, iPad, or Android device.
