Overview

The AN360W is a 60 page-per-minute, duplex, and network scanner that is fast, reliable, and affordable for business where scanning plastic ID cards, business cards, documents or other heavy card stock is necessary. Embedded with Avision-developed image processor, the scanned image can be automatically cropped, straightened, and optimized with enhanced speed. With simply one button, the AN360W improves your business efficiency by scanning and sending the document to various destinations including e-mail, cloud servers, a shared folder (SMB), a FTP server, and a USB flash drive. Plus, with the wireless networking capability, the AN360W offers mobile scanning through Avision's App.

Easy-to-operate 8" LCD Touch Screen

The large 8" LCD touch screen makes it easy for everyone to scan and share. By assigning your frequently used settings and scan to destinations as Shortcuts, the AN360W allows you to streamline your workflow and complete your scanning task in one step. Configuration and management of the scanner can also be performed via the LCD touch screen.

Convenient mobile scanning

The AN360W can work as a wireless device to scan and receive images directly from your mobile devices through Avision's App.

Reverse Roller Enhances Feeding Reliability

Designed with the innovative reverse roller for advanced paper separation capability, the AN360W delivers outstanding feeding reliability and operating productivity by effectively reducing the risk of a multi-feed or paper jam.

A Duplex Scanner Suited for Document and Cards

Thanks to the advanced straight paper path and image processing technology, mixed batches of documents with varies sizes and weights can be scanned, appropriately cropped, deskewed, and ready to use. Scan size accepts paper from receipts (50 x 50 mm / 2 x 2 in.) to business document (242 x 356 mm / 9.5 x 14 in.). The auto document feeder is also robust enough to feed paper up to 413 g/m² (110 lb.) and embossed hard cards such as ID cards, credit cards, driver's license, and health insurance card up to 1.25mm in thickness.

Convenient walk-up scanning

A USB direct interface is available for scanning files to your USB flash memory drive.

Powerful Bundled Software Applications

The AN360W come with TWAIN driver, and are bundled with a suite of powerful software applications that include Avision Button Manager V2, AVScan X, and Nuance PaperPort SE 14.

Avision's Button Manager V2

-Completes your scan with a single step

The Button Manager V2 main screen

Button Manager V2 makes it easy for you to scan and send your image to your favorite destinations with a press one button. Now the new version comes with an innovative feature to let you scan and automatically upload the scanned document to popular cloud repositories such as Google Docs, Microsoft SharePoint, or FTP. In addition, the iScan feature allows you to insert the scanned image or recognized text after optional OCR (Optical Character Recognition) process to your text editor such as Microsoft Word to get your job done easily and quickly.

AVScan X

-The Intelligent Document Management Tool

The AVScan X main screen

Document Imaging is the very first step of Document Management. However, poor quality images can cause serious problems to later indexing or storing processes. It may increase scanning labour costs and lowers the OCR accuracy. AVScan X ensures all documents are checked and polished at the time they are scanned such that the image quality is guaranteed before they are ready to use for other purposes. AVScan X is an intelligent scanning and electronic filing solution. AVScan X possesses distinct features that convert and index scanned information into electronic documents for easy storage and fast retrieval.

Nuance PaperPort SE14

- The Professional Choice to Organize and Share Your Documents

The PaperPort SE14 main screen

Scan, Share, Search, and Organize Documents on your PC. Overwhelmed with paper? PaperPort SE 14 can help to simplify the chaos by organizing your paper documents-documents, receipts, photos, and more- into digital files on your files on your desktop. PaperPort SE 14 is Nuance's most popular scanning and document management solution, carefully designed specifically for home office use. Part traditional file cabinet, part digital- document desktop, PaperPort SE14 is the fastest and easiest way to scan, share, search, and organize your documents.
