# Avision | FB25 Flatbed Scanner

Max.

1200

DPI

#### Features

- Ultra slim design: 45 mm high, weighs 1.8 kg
- A4 scanning area: 216 x 297 mm
- Optical resolution up to 1200dpi
- Digitize an A4 page in color and 300dpi in just 1.5 seconds
- User-friendly TWAIN driver with numerous useful functions for scan optimization such as automatic color detection, color correction, document cleaning, and much more.
- Time optimization through automatic cropping, which creates multiple images from one scan

# Übersicht

A new scanner from the Avision Slim series. With its A4 scanning surface, the FB25 is ideal for digitizing business documents. Thanks to the innovative CIS technology, the FB25 is ultra slim (45 mm) and weighs only 1.8 kg.

#### LED with no warm-up time

The LED lighting not only saves energy but also requires no warm-up time. The FB25 is immediately ready for use after switching on. In addition, he only needs 1.5 seconds to digitize an A4 document.

# **Advanced Software**

The bundled software includes the TWAIN and the WIA driver as well as a document organization software PaperPort SE14.

# **Dual Driver**

The same driver can also control an Avision sheet-fed scanner that is optionally connected to a USB hub.

# Professional TWAIN Driver

Avision's easy-to-use TWAIN driver offers many useful features to optimize image quality and productivity.

# Multistreaming

With one scan, up to three images can be digitized in different scan modes.

# Avision | FB25 Flatbed Scanner

#### Color matching

Color fidelity of the scanned images already with default settings (ICC profile) guaranteed.

Without Color Adjustment

## Color Drop-Out

#### Selection of any color as a color filter.

## Invert / Mirror

Invert: Invert the brightness and colors.

Mirror: Reverse the right and left sides of the image.

#### **Multiple Cropping**

Multiple documents on the scanning surface are individually cropped and separated into different files in one scanning process.

#### PaperPort SE14 Professional Document Organization

PaperPort is the easiest way to organize stacks of paper and images into an organized form that makes documents quick to find and easy to use. Stop wasting time searching for paper documents.

With PaperPort you can simply connect your Avision scanner to your computer and edit your PDF or JPEG documents as if you were editing paper documents on your desk. This is the perfect solution for your home office or small office.
